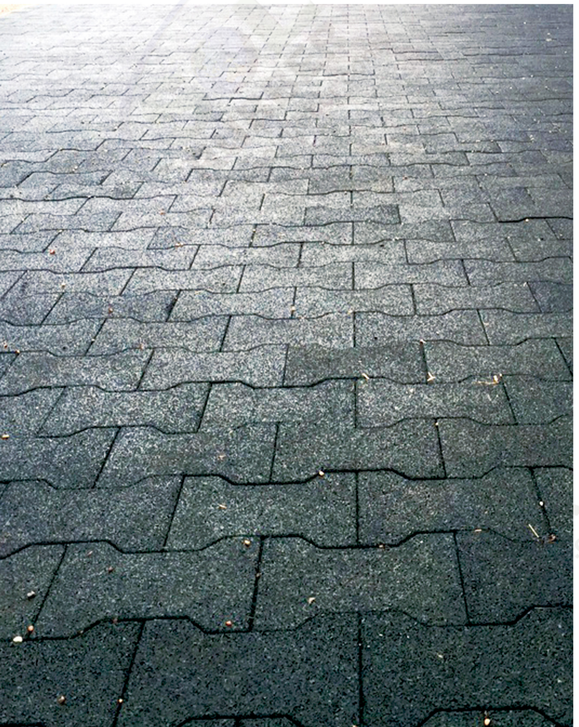
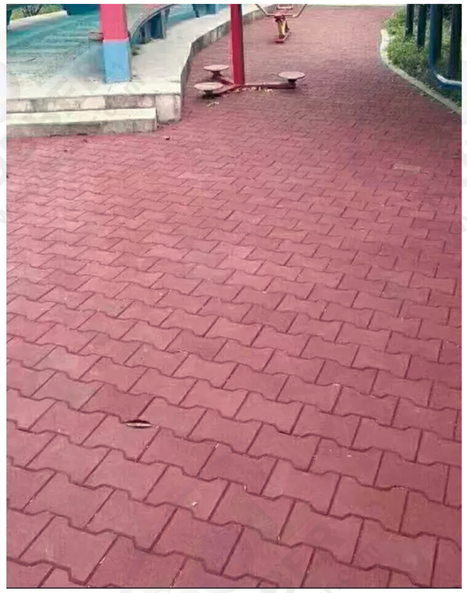
02 Environmental

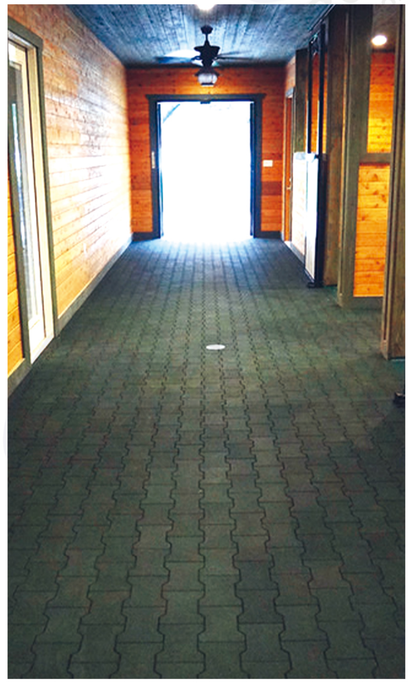


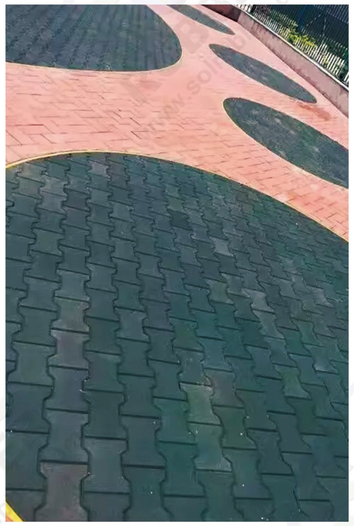
SOL Rubber Pavers also help control bacteria and dust.
They are environmentally-friendly, made from nearly 100% recycled tire rubber.

They are environmentally-friendly, made from nearly 100% recycled tire rubber.

03 Safety



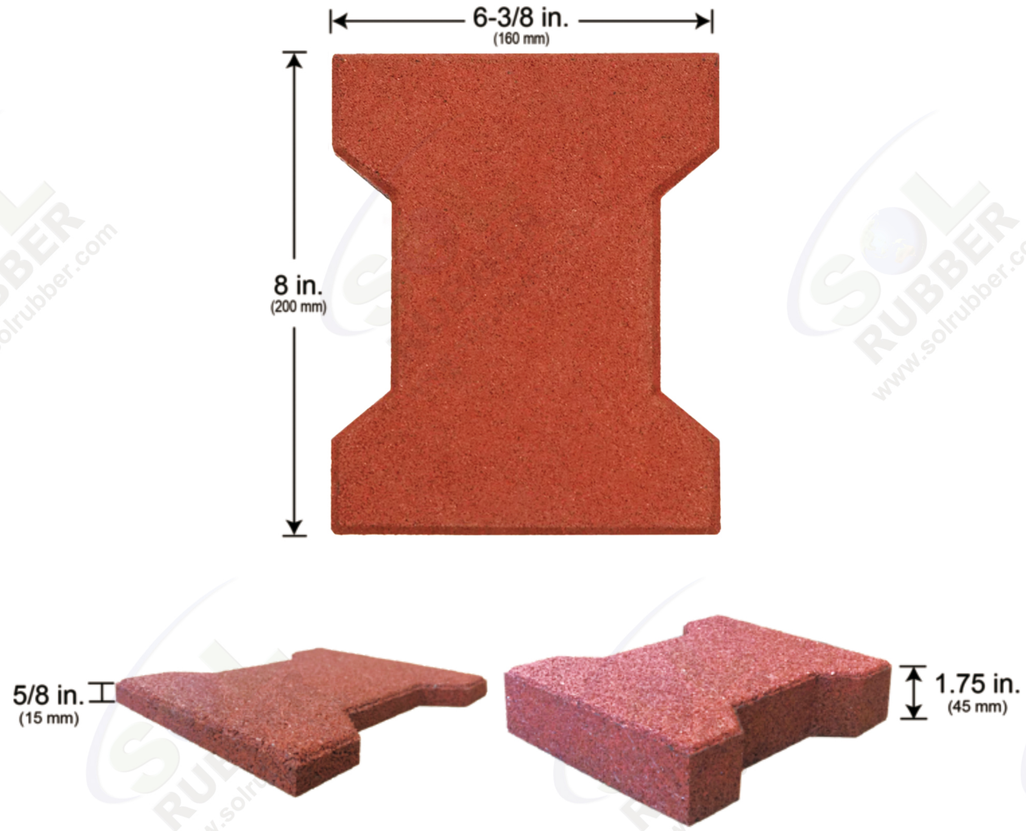




SOL RUBBER PAVERS have a much higher shock absorbency when compared to more traditional stone or brick pavers.

SAFETY –

This is arguably the biggest advantage of rubber pavers



Slip-resistance ,Aside from the general safety benefits, when compared to other paver materials, rubber pavers have less of a likelihood to cause slippage when wet.

Long-lasting ,With rubber pavers, you’ re less likely to experience cracking and breakages over time. They are durable, require less maintenance, and will have a significantly longer lifespan.

Affordability ,Rubber pavers are a much more cost-effective option when compared to other paver materials.
